**REPORT ON REVIEW OF INTERIM CONDENSED
FINANCIAL INFORMATION**

To the General Assembly of Gözde Girişim Sermayesi Yatırım Ortaklığı A.Ş.

Introduction

We have reviewed the accompanying condensed statement of financial position of Gözde Girişim Sermayesi Yatırım Ortaklığı A.Ş. (the "Company") as at 30 June 2024 and the related condensed statements of profit or loss and other comprehensive income, changes in equity and cash flows for the six-month period then ended. The management of the Company is responsible for the preparation and fair presentation of this interim condensed financial information in accordance with Turkish Accounting Standard 34 ("TAS 34") "Interim Financial Reporting". Our responsibility is to express a conclusion on this interim condensed financial information based on our review.

Scope of review

We conducted our review in accordance with the Standard on Review Engagements ("SRE") 2410, "Review of interim financial information performed by the independent auditor of the entity". A review of interim condensed financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Standards on Auditing and the objective of which is to express an opinion on the financial statements. Consequently, a review on the interim condensed financial information does not provide assurance that the audit firm will be aware of all significant matters which would have been identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to conclude that the accompanying interim condensed financial information is not prepared, in all material respects, in accordance with TAS 34.

Other matters

Management is responsible for the other information. The other information includes “Control of Compliance with Portfolio Limitations, Financial Debt and Total Expense Limits”, which does not have a measurement criterion within the scope of TAS 34 and does not include financial statement and the auditor's report thereon. In connection to our review on the financial statement does not include such other information and we do not make any assurances regarding the other information.

As part of a review of financial information, our responsibility is to read the other information outlined above and in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the review or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Notes to the financial statements

for the interim period 1 January – 30 June 2024

(Unless otherwise stated, amounts are expressed in Turkish Lira ("TRY") as of June 30, 2024, based on purchasing power)

1. ORGANIZATION AND OPERATIONS OF THE COMPANY

Gözde Girişim Sermayesi has been founded by the shareholders of the FFK Fon Finansal Kiralama A.Ş. (FFK) on 22 January 2010 through the partial spin-off of Türkiye Finans Katılım Bankası A.Ş. (TFKB) shares that are presented as assets held for sale in the financial statements of FFK as of 31 December 2009 and Kaynak Finansal Kiralama A.Ş. (Kaynak Finansal) shares that are among the subsidiaries of FFK and as capital in kind. The foundation of the company was registered by the Trade Registry Office and announced in the Trade Registry Gazette on 28 January 2010 numbered 7789.

The process of conversion for Gözde Finansal Hizmetler Anonim Şirketi into a Venture-Capital Trust with the VCT title was finalized upon register of the articles of association amendment to the Trade Registry on 28 July 2011, following the capital increase realized between 11 July - 25 July 2011. The Company continues its operations under the trade name of "Gözde Girişim Sermayesi Yatırım Ortaklığı A.Ş.", as of 28 July 2011 with the aim of using its capital, which has been issued as registered capital, for doing business with the purposes and the subjects written in the regulations of the Capital Market Board ("CMB") regarding Venture-Capital Trusts (Communiqué - Serial: III No:48.3) and for doing business with the aim of directing it to long-term investments made to venture capital companies that are essentially established or will be established in Turkey, have the potential to grow and are in need of resources.

The partial spin-off, which was resolved during the Board of Directors meeting of FFK conducted on 10 November 2009 and in accordance with Article 20 and subparagraph "b" of paragraph 3 of Article 19 of the Law on Corporate Income Tax No. 5520 and with provisions of "Communiqué Regarding the Regulation of Procedures and Principles on the Partial Demerger of Incorporated and Limited Liability Companies" published on the Official Gazette No. 25231 dated 16 September 2003, received approval from the Capital Market Board with the document dated 21 December 2009 and numbered B.02.1.SPK.013-1869. At the Extraordinary General Assembly meeting of FFK held on January 11, 2010, the Partial Spin-off Plan was accepted in accordance with the provisions of the communiqué mentioned above. The shareholders have decided that the said shares will be invested in the newly established Company as capital in kind with the cost value in the records of FFK, and in return, the shares representing the capital of the Company will be given to the shareholders of FFK in proportion to their existing shares in FFK. With the said partial division, the Company went public and prepared its financial statements for the first time on 31 March 2010 and presented it to the CMB and Borsa İstanbul A.Ş.

As of 30 June 2024 and 31 December 2023, the shareholders and partnership shares of the Company are as follows:

2. BASIS OF PRESENTATION OF FINANCIAL STATEMENTS

2.1. Basis of Presentation

Statement of Compliance with TAS

The Company maintain its books of accounts and prepare its statutory financial statements in accordance with the Turkish Commercial Code ("TCC"), tax legislation, the Uniform Chart of Accounts.

The accompanying financial statements are prepared in accordance with Communiqué Serial II, No:14.1, "Principles of Financial Reporting in Capital Markets" ("the Communiqué") published in the Official Gazette numbered 28676 on 13 June 2013. According to Article 5 of the Communiqué, financial statements are prepared in accordance with the Turkish Accounting Standards ("TAS") issued by Public Oversight Accounting and Auditing Standards Authority ("POAASA"). TAS contains Turkish Accounting Standards, Turkish Financial Reporting Standards ("TFRS") and its addendum and interpretations ("IFRIC").

The accompanying financial statements are within the scope of the Capital Markets Board's ("CMB") Communiqué on "Principles of Financial Reporting in the Capital Markets" numbered II-14.1 and Turkish Accounting Standards ("TAS") published by the Public Oversight, Accounting and Auditing Standards Authority ("KGK") and Turkish Financial Reporting Standards ("TFRS"). The presentation principles have been prepared in accordance with the 2022 TFRS Taxonomy, which was developed by the KGK on the basis of subparagraph (b) of the 9th article of the Decree Law No. 660 and determined and announced to the public with the decision of the KGK dated 4 October 2022.

The financial statements are prepared on the indexed historical cost basis, except for the revaluation of financial instruments at fair value. The determination of indexed historical cost is generally based on the fair value of the amount paid for the assets.

The Company's financial statements have been prepared consistent with accounting policies used in preparation of financial statements for the year ending 31 December 2023 except for new accounting standards applicable as of 1 January 2024. New accounting standards are disclosed at Note 2.2 and Note 2.3.

Checking the compliance with the portfolio restrictions and the limit of financial liability and total expenses

Information on Checking the Compliance with Portfolio Restrictions and the Limit of Financial Liability and Total Expenses given in Supplementary Footnote has the feature of summary information generated from financial statements as per "Communiqué on the Principles of Financial Reporting in Capital Markets" and is prepared within the framework of the provisions of "Communiqué on Principles of Venture Capital and Private Equity Investment Companies" with number III-48.3, published in the in the Official Gazette edition 28790 on 9 October 2013, regarding checking the compliance with portfolio restrictions and the limit of financial liability and total expenses.

Comparative Information and Adjustment of Prior Period Financial Statements

The financial statements of the Company are prepared comparatively with the previous period in order to enable the determination of the financial situation and performance trends. In order to comply with the presentation of the current period financial statements, comparative information is reclassified when deemed necessary and significant differences are disclosed. As of 30 June 2024, the Company does not have any classification.

2.2. New and revised standards and interpretations

The accounting policies used in the preparation of the financial statements for the accounting period ending as of 30 June 2024 have been applied consistently with those used in the previous year, except for the new and amended TFRS standards and TFRYK interpretations valid as of 1 January 2024, which are summarized below. The effects of these standards and interpretations on the financial position and performance of the Company are explained in the relevant paragraphs.

a) *Standards, amendments, and interpretations applicable as of 30 June 2024:*

- **Amendment to IAS 1 – Non-current liabilities with covenants;** effective from annual periods beginning on or after 1 January 2024. These amendments clarify how conditions with which an entity must comply within twelve months after the reporting period affect the classification of a liability. The amendments also aim to improve information an entity provides related to liabilities subject to these conditions.
- **Amendment to IFRS 16 – Leases on sale and leaseback;** effective from annual periods beginning on or after 1 January 2024. These amendments include requirements for sale and leaseback transactions in IFRS 16 to explain how an entity accounts for a sale and leaseback after the date of the transaction. Sale and leaseback transactions where some or all the lease payments are variable lease payments that do not depend on an index or rate are most likely to be impacted.
- **Amendments to IAS 7 and IFRS 7 on Supplier finance arrangements;** effective from annual periods beginning on or after 1 January 2024. These amendments require disclosures to enhance the transparency of supplier finance arrangements and their effects on a company's liabilities, cash flows and exposure to liquidity risk. The disclosure requirements are the IASB's response to investors' concerns that some companies' supplier finance arrangements are not sufficiently visible, hindering investors' analysis.
- **IFRS S1, 'General requirements for disclosure of sustainability-related financial information;** effective from annual periods beginning on or after 1 January 2024. This standard includes the core framework for the disclosure of material information about sustainability-related risks and opportunities across an entity's value chain.
- **IFRS S2, 'Climate-related disclosures';** effective from annual periods beginning on or after 1 January 2024. This is the first thematic standard issued that sets out requirements for entities to disclose information about climate-related risks and opportunities.

b) *Standards, amendments, and interpretations that are issued but not effective as of 30 June 2024:*

- **Amendments to IAS 21 - Lack of Exchangeability;** effective from annual periods beginning on or after 1 January 2025. An entity is impacted by the amendments when it has a transaction or an operation in a foreign currency that is not exchangeable into another currency at a measurement date for a specified purpose. A currency is exchangeable when there is an ability to obtain the other currency (with a normal administrative delay), and the transaction would take place through a market or exchange mechanism that creates enforceable rights and obligations.
- **Amendment to IFRS 9 and IFRS 7 - Classification and Measurement of Financial Instruments;** effective from annual reporting periods beginning on or after 1 January 2026 (early adoption is available) These amendments:
 - clarify the requirements for the timing of recognition and derecognition of some financial assets and liabilities, with a new exception for some financial liabilities settled through an electronic cash transfer system;

2. BASIS OF PRESENTATION OF FINANCIAL STATEMENTS (Continued)

2.2. New and revised standards and interpretations (continued)

- clarify and add further guidance for assessing whether a financial asset meets the solely payments of principal and interest (SPPI) criterion;
 - add new disclosures for certain instruments with contractual terms that can change cash flows (such as some instruments with features linked to the achievement of environment, social and governance (ESG) targets); and
 - make updates to the disclosures for equity instruments designated at Fair Value through Other Comprehensive Income (FVOCI).
- **IFRS 18 Presentation and Disclosure in Financial Statements;** effective from annual periods beginning on or after 1 January 2027. This is the new standard on presentation and disclosure in financial statements, with a focus on updates to the statement of profit or loss. The key new concepts introduced in IFRS 18 relate to:
 - the structure of the statement of profit or loss;
 - required disclosures in the financial statements for certain profit or loss performance measures that are reported outside an entity's financial statements (that is, managementdefined performance measures); and
 - enhanced principles on aggregation and disaggregation which apply to the primary financial statements and notes in general.
 - **IFRS 19 Subsidiaries without Public Accountability: Disclosures;** effective from annual periods beginning on or after 1 January 2027. Earlier application is permitted. This new standard works alongside other IFRS Accounting Standards. An eligible subsidiary applies the requirements in other IFRS Accounting Standards except for the disclosure requirements and instead applies the reduced disclosure requirements in IFRS 19. IFRS 19's reduced disclosure requirements balance the information needs of the users of eligible subsidiaries' financial statements with cost savings for preparers. IFRS 19 is a voluntary standard for eligible subsidiaries. A subsidiary is eligible if:
 - it does not have public accountability; and
 - it has an ultimate or intermediate parent that produces consolidated financial statements available for public use that comply with IFRS Accounting Standards.

Financial Reporting in economies with high inflation

According to the announcement made by the Public Oversight Accounting and Auditing Standards Authority (KGK) on November 23, 2023, and the "Application Guide on Financial Reporting in High Inflationary Economies" published, the company prepared its financial statements for the year ending December 31, 2023, in accordance with the TMS 29 "Financial Reporting in High Inflationary Economies" Standard. According to this standard, financial statements prepared in the currency of a high inflationary economy are presented in terms of the purchasing power of that currency at the balance sheet date, and comparative information for previous periods is also expressed in the current measurement unit currency at the end of the reporting period for comparison purposes. Therefore, the company also presented its financial statements dated December 31, 2023, based on the purchasing power as of June 30, 2024.

In accordance with the decision of the Capital Markets Board (SPK) dated December 28, 2023, and numbered 81/1820, it has been decided to apply inflation accounting by applying the provisions of TMS 29 starting from the annual financial reports of issuers subject to financial reporting regulations applying Turkish Accounting/Financial Reporting Standards and capital market institutions for the financial year ending December 31, 2023.

2. BASIS OF PRESENTATION OF FINANCIAL STATEMENTS (Continued)

2.2. New and revised standards and interpretations (continued)

Reclassifications made in accordance with TMS 29 were made using the correction coefficient obtained from the Consumer Price Index ("CPI") published by the Turkish Statistical Institute ("TÜİK"). As of June 30, 2024, the indices and correction coefficients used in the adjustment of financial statements are as follows:

Date	Index	Adjustment coefficient	Three-year cumulative inflation rates
30 June 2024	2,319.29	1.00000	324%
31 December 2023	1,859.38	1.24734	268%
30 June 2023	1,351.59	1.71597	190%

The main elements of the adjustment process made by the company for financial reporting in high inflationary economies are as follows :

- Current period financial statements prepared in Turkish Lira (TRY) are expressed in terms of the purchasing power at the balance sheet date, and amounts for previous reporting periods are also adjusted to reflect the purchasing power at the end of the reporting period.
- Monetary assets and liabilities are not adjusted since they are already expressed in terms of the current purchasing power at the balance sheet date. If the inflation-adjusted values of non-monetary items exceed their recoverable amount or net realizable value, the provisions of TMS 36 and TMS 2 are applied accordingly.
- Non-monetary assets and liabilities, as well as equity items not expressed in terms of the current purchasing power at the balance sheet date, are adjusted using the respective correction coefficients.
- Except for items affecting the comprehensive income statement in the balance sheet, all items in the comprehensive income statement are indexed using coefficients calculated based on the periods when income and expense accounts were initially reflected in the financial statements.
- The impact of inflation on the net monetary asset position in the current period is recorded in the income statement as a loss on net monetary position.

2.3. Summary of Significant Accounting Policies

The financial statements for the period ending on 30 June 2024 have been prepared in accordance with TAS 34 standard for the preparation of financial statements of TFRS. In addition, the financial statements for the year ended 30 June 2024 have been prepared by applying the accounting policies consistent with the accounting policies applied during the preparation of the financial statements for the year ended 31 December 2023. Therefore, these financial statements should be evaluated together with the financial statements for the year ended 31 December 2023.

(**) The services provided to the Company within the scope of the 'Consultancy Agreement' (Agreement) signed on 29 October 2017 (with an option to extend for 5+2 years) with Franklin Templeton Danışmanlık Hizmetleri A.Ş., an indirect subsidiary of Franklin Resources, Inc. in Turkey, to provide consultancy services on strategic issues related to the Company's operations are as follows. At the end of the 5th year, the option to extend for 2 years has been used. The Consultancy Agreement between our company and Franklin Templeton Danışmanlık Hizmetleri A.Ş. will be ending on 29 October 2024.

- Advising the Board of Directors: Maintaining a specialized team dedicated to Gözde Girişim Sermayesi for the purpose of increasing the net asset value of the Company,
- Advising portfolio companies: Providing consulting services to portfolio companies for improvements in the operational context,
- Improving corporate governance: Creating strategies to improve corporate governance in portfolio companies.
- Finding investments in line with the Company's strategy: Identifying and evaluating potential non-public investment opportunities,
- Building better communication to create value: Strengthening communication strategies with investors and banks and other potential stakeholders to create value,
- Determining exit strategies: Providing the Company with exit strategies for existing investments and guiding and/or advising on sales processes,
- Providing consultancy services in the preparation of the Company's annual budget and long-term business plan,
- Sharing information about market developments with the Company's Board of Directors.

The amount of 'Retainer Fee' accrued quarterly for consultancy services is invoiced to the Company at an amount corresponding to 2% of the 'Market Value of the Company' calculated based on the average share price for the relevant reporting period quarter.

In accordance with the relevant clauses of the agreement regarding the sale of assets and dividend payments to the Company, the fee payments to be made to Franklin Templeton Danışmanlık Hizmetleri; 'CCCF' (Capital Contribution to Capital Fee), which is payable at 10% or 15% of the difference between the entry price (fair values in the Company's financial statements as of 30 September 2017) and the sale price, after deducting the transaction costs related to the purchase and sale; and the 'CCIF' (Consultancy Contribution to Income Fee) to be paid over 3% of gross dividend income payments, have been arranged.

Prior to 29 October 2017, the date of signature of the 'Consultancy Agreement', whilst the CCCF amount incurred during the sale of portfolio companies that were already in the Company's portfolio was calculated over 10% of the difference between the entry and sale amounts of the portfolio companies in the Company's portfolio, after deducting the transaction costs related to the purchase and sale processes; the CCCF amount incurred during the sale of the portfolio companies included in the Company's portfolio after the signature date of this "Advisory Agreement" is calculated as 15% of the difference between the entry and sale amounts of the portfolio companies, after deducting the transaction costs related to the purchase and sale processes.

The ratio of the total amounts related to the services received from Franklin Templeton Consulting to the total assets for the periods 30 June 2024 and 31 December 2023 is within the ratio permitted by Article 26 titled Total Expense Ratio of the Communiqué on Venture Capital Investment Trusts numbered III-48.3.

	30 June 2024	31 December 2023
Provisions for unused vacations	885,338	661,149
Total	885,338	661,149

Long-term provisions for employee benefits:

Provision for severance pay

Pursuant to the provisions of the Labor Law in force, employees whose employment contracts are terminated to qualify for severance pay are obliged to pay the legal severance pay to which they are entitled. In addition, in accordance with the provisions of the Social Security Law No. 506, dated March 6, 1981, numbered 2422, and dated August 25, 1999, numbered 4447 and the Amended Article 60 of the Social Security Law, which is still in effect, there is an obligation to pay the legal severance indemnity to those who are entitled to leave the job by receiving severance pay. Some transitional provisions related to pre-retirement service conditions were removed from the Law with the amendment of the relevant law on 23 May 2002. As of 30 June 2024, severance pay to be paid is subject to a monthly ceiling of TRY35,058.58.(31 December 2023: TRY23,489.83).

Severance pay liability is not legally subject to any funding. The severance pay provision is calculated by estimating the present value of the future probable obligation of the company arising from the retirement of its employees. IAS 19 ("Employee Benefits") requires the company's liabilities to be developed using actuarial valuation methods within the scope of defined benefit plans. Accordingly, the actuarial assumptions used in the calculation of total liabilities are as follows:

The main assumption is that the maximum liability amount for each year of service will increase in line with inflation. Therefore, the discount rate applied represents the expected real rate after adjusting for the effects of future inflation. Therefore, the provisions in the accompanying financial statements as of 30 June 2024 are calculated by estimating the present value of the future probable obligation arising from the retirement of the employees. As of 30 June 2024, the provision for severance pay is calculated using the real discount rate, which is approximately 3.67% based on annual inflation of 20.95% and discount rate of 25.39% (31 December 2023: 3.67%).

The maximum amount of TRY41,828.42 effective as of 1 July 2024 has been taken into account in calculating the severance pay provision of the company (31 December 2023: TRY35,058.58 effective as of 1 January 2024). Actuarial losses and gains are recognized in profit or loss as the effect on the financial statements is immaterial.

Movements in the provision for employment termination benefits during the period are as follows:

	2024	2023
Opening balance	799,596	960,806
Severance pay paid	-	-
Service cost	27,478	70,513

20. NATURE AND LEVEL OF RISKS ARISING FROM FINANCIAL INSTRUMENTS (Continued)

The Company has no over due receivables as of 30 June 2024 (December 31, 2023: None).

a2) Liquidity risk management

Prudent liquidity risk management refers to holding sufficient cash, availability of sufficient credit transactions and fund resources, and the power to close market positions. The funding risk of current and prospective debt requirements is managed by maintaining the availability of sufficient number of high-quality lenders.

Liquidity risk tables

The table below shows the maturity distribution of the Company's non-derivative financial liabilities. Interests to be paid on liabilities in future periods are also included in the relevant maturities in the table below.

20. NATURE AND LEVEL OF RISKS ARISING FROM FINANCIAL INSTRUMENTS (Continued)

a3) Currency risk management

Transactions in foreign currencies cause exchange rate risk. Currency risk is managed by balancing foreign currency assets and liabilities. In the valuation of the foreign currency balances in the statement of Financial position, the central bank of the Republic of Turkey buying rates for the assets and the central bank of the Republic of Turkey selling rates for the liabilities are used on the date of the statement of financial position.

The distribution of the Company's foreign currency monetary and non-monetary assets and monetary and non-monetary liabilities as of the date of the statement of financial position is as follows:

Sensitivity to currency risk

The Company is exposed to currency risk mainly in US Dollar and Euro.

The table below shows the sensitivity of the Company to 10% increase or decrease in USD and Euro exchange rates, assuming that all other variables remain constant. The 10% rate is the rate used when reporting the exchange rate risk within the Company to the senior managers, and the said rate expresses the possible change expected by the management in the exchange rates. The sensitivity analysis includes only outstanding foreign currency denominated monetary items at year-end and shows the effects of 10% change in foreign currency exchange rates at the end of the year. This analysis includes external loans, borrowers and borrowers outside the functional currency.

20. NATURE AND LEVEL OF RISKS ARISING FROM FINANCIAL INSTRUMENTS (Continued)

a4) Interest rate risk management

The Company's borrowing at fixed and variable interest rates exposes the Company to interest rate risk. The said risk is managed by the Company by making an appropriate distribution between fixed and variable rate debts through interest rate swap agreements. Hedging strategies are evaluated regularly to ensure that they are consistent with the interest rate expectation and defined risk. It is aimed to establish such an optimal hedging strategy, both to review the position of the balance sheet and to keep interest expenditures under control at different interest rates.

Interest rate sensitivity

Sensitivity analyzes are determined according to the interest rate risk exposed at the reporting date and the anticipated interest rate change at the beginning of the financial year and are kept constant throughout the reporting period.

The interest position table is as follows:

Fixed interest rate financial instruments	30 June 2024	31 December 2023
Other payables to related parties (*)	3,295,866,299	3,655,039,147

(*) See page 13, page 15.

21. FINANCIAL INSTRUMENTS (FAIR VALUE DISCLOSURES)

Fair Value of Financial Instruments

The fair value of financial assets and liabilities is determined as follows:

- First level: Financial assets and liabilities are valued at stock prices traded in active markets for identical assets and liabilities.
- Second level: Financial assets and liabilities are valued from the inputs used to find the directly or indirectly observable market price of the related asset or liability other than the market price specified in the first level.
- Third level: Financial assets and liabilities are valued from inputs that are not based on market observable data used to determine the fair value of the asset or liability.

The discounted cash flow method considers the expected cash flows discounted from the risk adjusted discount rate to the present value of the payment. Expected income forecast earnings before interest depreciation tax ("EBITDA") scenarios are determined by taking into account the probability of cash flow to be provided under each scenario.

(*) At the CMB meeting dated 26.12.2019 and numbered 76/1680, it was resolved that all shares of venture capital investment trusts that remain in the portfolio of the venture capital investment trusts as a result of the public offering of the venture capital companies in the portfolio of the venture capital investment trusts (excluding the shares acquired after the shares of the publicly traded venture capital company started to be traded on the stock exchange) shall be accepted as venture capital investment within the scope of Article 21 of the Communiqué and within this framework, it was decided that these will not take into account in the calculations regarding the portfolio limitations set out in subparagraphs (c) and (f) of the first paragraph of Article 22 of the Communiqué, and the Resolution on the Principle was published in the CMB Bulletin No. 2019/71 of the same date. Within this framework, Şok Marketler Tic. A.Ş. shares and Penta Teknoloji Ürünleri Dağıtım ve Tic. A.Ş., except for the shares acquired within the framework of price stabilization transactions, are shown as venture capital investment in the calculations regarding portfolio limitations.
